

S Birch

The name of **S Birch** appears on the Roll of Honour in St Mary's Church, Amersham, but not on the War Memorial. It is therefore possible that he served in the war and survived it.

The 1911 and 1901 Censuses for the Amersham area have been searched for an S Birch with connections to Amersham and of the right age to have served in WW1, but without success, and so we are regretfully unable to offer any information about this man.
